Description

The Journal of Vincentian Social Action (JoVSA) is published biannually, engaging the greater community in the service of the disadvantaged.

St. John’s University is rooted in the Catholic Vincentian tradition. As a community we are engaged in research and direct service to those most in need. We seek insight into the causes and consequences of poverty and believe that these actions can help alleviate suffering.

JoVSA is open-access, freely available online, to all.

Aims and Scope

The journal provides a scholarly forum for those working to address community-defined needs; a forum where practical solutions are presented to address the plight of the disadvantaged and needy. Measurement and assessment of these efforts connecting action to outcome are a critical component ensuring positive results and real change in the lives of the disadvantaged.

JoVSA welcomes research articles, position papers, and conference proceedings.
